

Ring Size Finder

INSTRUCTIONS

1. Print this page, be sure that your printer is set to print to scale or 100%
2. Verify the page is printed correctly by measuring a few shapes with a ruler to ensure they are accurate.

FINDING THE RIGHT SIZE

1. Measure your finger in warm temperatures at the end of the day.
2. If your knuckle is a lot larger than the base of your finger, use METHOD B below, except measure both the base of your finger and your knuckle and select a size between the two.

IF YOU'RE BUYING THE RING AS A SURPRISE

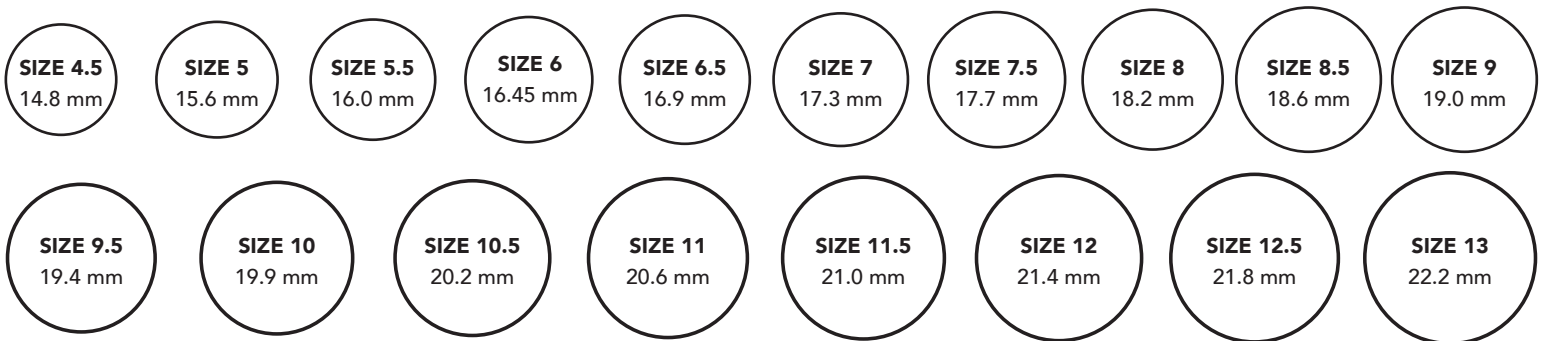

1. Try asking a friend or a relative if they know his/her ring finger size.
2. Borrow/Sneak one of your intended recipient's rings and use Method A below.
(Make sure that ring currently fits their finger).

OTHER TIPS & INFORMATION

When considering a wide band, move up a size from your measurement, for comfort's sake.
The average woman's ring size is about 6. The average man's ring size is about 10.
Your ring size will be about half a size larger on your primary hand. (the hand you write with)

Method A

Measure a ring that fits you or your intended recipient. Place a ring that fits you over the circle making sure the inside of the ring lines up with the outside of the circle. If you are between sizes, order the larger size.

Method B

1. Find a piece of non-stretchy string about 6" long, or a strip of paper about 6" long and 1/4" wide.
 2. Wrap it snugly around the base of your finger.
 3. Using a pen, mark the point on the string or paper where it overlaps, forming a complete circle.
 4. Compare the length of the string or paper to the lines on the paper below to determine the ring size.
- If you are between sizes, order the larger size.
